EXECUTIVE PROFILE

Executive Virtual Assistant and IT Administrator with 7+ years of combined experience in customer support, technical support, executive assistance, sales support, and IT administration. Skilled in Microsoft 365, Google Workspace, CRM systems, VoIP administration, scheduling, documentation, and workflow optimization. Known for delivering exceptional customer experiences, solving complex technical issues, and supporting business leaders in fast-paced remote environments.

PROFESSIONAL EXPERIENCE

MWORK LLC

IT Administrator / Personal Assistant

September 2023 – June 2026

- Delivered executive administrative support through calendar management, scheduling, correspondence, and document preparation.
- Administered VoIP systems, user provisioning, access management, and technical troubleshooting.
- Provided technical support for hardware, software, business applications, and end users.
- Maintained reports, documentation, spreadsheets, contracts, and confidential digital records.
- Coordinated customer communications, appointment scheduling, CRM updates, and service follow-ups.
- Supported collision repair operations by communicating with customers and coordinating with internal teams.

TeleTech (TTEC)

Customer Support Representative | Technical Support

November 2018 – August 2023

- Delivered inbound and outbound customer support for account, billing, product, sales, and technical inquiries.
- Diagnosed and resolved hardware, software, connectivity, and service-related issues while meeting service level agreements (SLAs).
- Recommended products and services through consultative selling by identifying customer needs and opportunities.
- Maintained accurate CRM records, verified customer information, and documented customer interactions.
- Resolved customer concerns using active listening, empathy, troubleshooting, and conflict-resolution techniques.
- Collaborated with cross-functional teams while consistently meeting quality assurance, productivity, and customer satisfaction goals.
